

the heart

treat your neighbor as yourself

Matthew 22:39

Our mission is to share the hope found in a relationship with Jesus Christ with our neighbors. We do this through projects focused on water, art, music and medicine.

Through your generous giving this year... **we raised** over \$128,000 **which covered** 8,715 patient visits **and employed** 11 people in Haiti

BHP Medical Clinic Haiti employs an all-Haitian staff of 11 and is open 5 days per week. The clinic sees nearly 1000 patients each month. Thank you for your support!

- \$5** tests 38 patients for bladder infections
- \$10** tests 17 patients for typhoid
- \$25** provides complete medical care for a patient
- \$50** provides 68 women with pregnancy tests
- \$75** tests 85 people for diabetes
- \$100** provides electricity for the clinic for 1 month
- \$250** treats 10 patients
- \$1,000** provides medication for 214 patients
- \$11,000** complete operation of the clinic for a month

art

changes a crisis mindset

As medical professionals in the clinic heal the physical body, artists, musicians and evangelists spend time outside the clinic in the streets healing the mind and soul.

A year-round arts program led by local artists at the clinic is part of our long-term vision. Contact us if you'd like to help support this goal or put 'arts program' in the notes with your special projects donation.

2023
annual update

\$128,656 funds brought in
8,715 patient visits
11 Haitian staff members

trips

join us on an upcoming trip

We'd love to have you with us on a mission trip to the Dominican Republic in 2024. Applications are available at brownhorseprojects.com.

summer 8/3-8/10/24

The trip will focus on serving the Dominicans and small communities of Haitian immigrants living in and around Barahona, Dominican Republic. Email connect@brownhorseprojects.com with any questions!

evangelism

BHP Medical Clinic Haiti employs two evangelists who share the hope for true health and wholeness found in a relationship with Jesus Christ.

- staff bible study** is held daily before clinic opens
- a morning message** of scripture, hope and truth is shared with patients waiting to be seen
- community bible study** is held monthly, with currently over 60 participants
- street ministry** is done by evangelists in order to meet and pray with neighbors in nearby villages
- mission teams** talk with patients outside mobile medical clinics, share daily devotional time with one another, on-ground staff and translators

neighbors

and who is my neighbor?

Luke 10:29

Thank you for joining us in our mission to love on our Haitian neighbors who inspire us by their joy and faith despite desperate circumstances!

- Haiti is the **poorest nation** in the western hemisphere. Average annual income is **\$672** (\$55,000 in the US).
- Only **50%** of the population has access to safe water. And only **25%** of the population has access to adequate sanitation.
- Life expectancy in Haiti is 10 years less than the US.
- 50%** of children do not attend school.
- 1/2** of the population is food insecure.
- Haiti has **no elected leaders** and has been without a president since Moise's assassination in 2021.
- Haitians living in the Dominican Republic also experience **poverty** and often **persecution**.
